

Step 1

Log in

Log in at www.voki.com or create a user account. You will need a working email address to create an account.

Step 2

Create a voki.

Press the '**Create**' button on the menu bar.

Then **'Choose a character'** to select an avatar you wish to customize. Use other options for custom voki.

Step 3 Accessories for your Voki.

Press on the '**Clothing**' and '**Bling**' buttons to choose different accessories for your voki.

Step 4

Add a 'voice' to your voki

Step 5

Change your background

Press '**Backgrounds**' or you can upload your own.

Step 6

Choose the voki player Press '**done**' when you have selected your player frame.

Step 7

Publish your voki

Image has been saved. Various links will appear. The links will allow your voki to posted or embedded.

The screenshot displays a Voki player interface. At the top, a message box says "Your Scene has been saved" with a "Close" button. Below this, there are two buttons: "Add To Your Site" and "Send To A Friend". To the right, a panel titled "Select the size of the player to embed in your site:" shows a dropdown menu set to "Medium (200 x 267)". Below this, a section titled "Then grab your code and place it on your page!" contains a block of HTML code for embedding the Voki player. At the bottom of the panel, there is a section titled "Or, get your Voki link here:" with a dropdown menu set to "Select newly created URL" and a text input field labeled "Please select your newly created URL".

Select the size of the player to embed in your site:
Medium (200 x 267)

Then grab your code and place it on your page!
